

MyFund System Requirements

We support the following desktop browsers. If you are not using one of these browsers (or versions) to interact with our website, please download or upgrade to a new browser or supported version from any of the sites below. If you elect not to upgrade your desktop browser, your experience may not be optimal, or you may not be able to use certain tools on our website.

Desktop Browser	Website	Windows®7 & higher	Mac® OS X 10.x
Microsoft®	http://windows.microsoft.com/en-US/internet-explorer/downloads/ie	Internet Explorer 11.x, Microsoft Edge	Not Supported
Mozilla Firefox	http://www.mozilla.org/en-US/firefox/	Versions 30 - 41	Versions 30 - 41
Apple®Safari™	https://support.apple.com/en-us/HT204416	Not Supported	6.x - 9.x
Google®Chrome™	https://www.google.com/chrome/browser/	Versions 40 – 50 or Current Version	Versions 30 - 45

Please Note: To provide our customers the most effective and secure online access to their accounts, we are continually upgrading our online services. As we add new features and enhancements to our service, older browser versions or Internet devices may not support these new standards. Upgrading to a new version will enhance your security and experience on our website.

For your protection, UWRI does not support beta versions of (supported) browsers. UWRI regularly monitors and tests browsers to ensure the highest security standards for our customers. Browsers such as Internet Explorer, Firefox, and Chrome may auto update to the latest browser version compatible with your operating system. If you are using the latest release of your browser, please be aware that there may be a delay in our support of the new browser release while we conduct a review to ensure it meets our security standards. We recommend that you download and install a supported browser until the new version is officially supported.
